

Trainee Video submission – 4 questions

Part of your submission you'll need to record a **single video**, around **5 minutes long**, where you respond directly to the four questions provided in the application. Please reframe from using AI for your responses. **Please provide your video to wm.pathways@health.qld.gov.au**

If the video isn't submitted, the application will not progress to the next stage — so this part is essential.

Question 1: What is your preferred learning style, and how does it help you succeed when learning new skills?"

Questions 2: How do you plan to balance your school responsibilities with the requirements of this traineeship?

Question 3: In what ways do you believe this traineeship will support your personal and career development?

Questions 4: When you have lots of messages coming in—like emails, phone calls, or even school notifications—how do you stay on top of everything and make sure you respond in a timely and organised way?
